

CONCRETE PIPE SEMINAR SERIES

CAAL's Concrete Pipe Seminar Series focuses on concrete pipe specifications, design and installation as well as trenchless installations and box culverts. We will review the necessary steps to successfully use concrete pipe in storm sewer and culvert applications. Lunch will be provided.

Program Schedule:

- 8:30am** **Introductions and Overview**
- 8:35am** **Reviewing Standards and Specifications** - Learn which standards and specifications LADOTD references for design and installation of both rigid and flexible piping products.
- 9:30am** **Bridge Alternatives** – Review of three sided structures and Modular Bridge Products.
- 10:30am** **ASTM Installation Standards (Concrete & Plastic)**
- 11:30** **Lunch and Jeopardy!** (A class assessment takes place midway through the training to reinforce the training completed. The alternative learning approach is interactive.)
- 12:30pm** **Stormwater Management (BioClean)**
- 1:30pm** **Ethics** – A review of the ethics requirements for both engineers and material salesmen.
- 2:30pm** **Final Questions** and dismissal.
